

Dr Bookher

Dartmouth March 10 1766

Since writing you last by way of St Johns I am sorry
to Inform you that Oliver Foulmer is become a Bankrupt
I wish your letter had come to hand sooner Consideration
the Orders you gave when at St Johns but very fortunate
I got him up of your Money but the two Bills for 100
Each which was drawn on London he had in his hand being
to me nearly £300 I made some Bills payable on him but
the was not due before he stop'd payment & therefore the
are all coming Back on me again which has ~~cost~~
me very much and it will make it quite out of my power
to Mr Hunt the Sum you order'd him to receive I had him
part of it the other day and will pay him as much
more as lay in my Power when I see what I shall have left
I have been oblig'd to call some of my money in that I had
at Interest I wish it ~~was~~ had been possible for me to have
had your letter before or that we had heard any thing
about him before I left St Johns, but from what I
have heard his Business will not turn as bad as the do in
with Foulmer)
General M^r Nicholas of the Navy that a Brother Suffern

thus he had his Books examined and find that Toulmin
ows sixteen thousand pound and the debts due to him are
seventeen thousand pound without the debts are very
had he of course will make a good dividend, I have not been
at Sidmouth as yet but had a letter from them the
other day the old woman is complaining as usual
no sign of peace as yet every thing is very A^m and very
little things shipping from this port for Newfound
land I think fish will be at a very great price this
season as the markets are very high, as this letter goes
by the Balloon I shall not send any News paper as Mr
Stobly ^{wife} supply you I enclosed you have a letter from Mr
Jennard as there will be some vessels to sail shortly for
Berry land shall send you some plants and the Store for
the Childrens Remember me to all Friends,

I remain your Brother

Rob^t Carter

1795th
RC - March 10

By his letter
well as that
that the Bills
was forwarded to
his own account
the Bills which
payable to
Toulman
22 Feb 1796
see JH letter of
to JH to avoid further
1797 - not being
not being
not being

This was paid by R.C. to JH
invertion see R.C. Statement
that amount

Mr Wm Barber Esq
Stonyland

It appears that Toulman was R.C. Banker
that he had remitted the two Bills for the purpose of
drawing on him & not a remittance on my account
2. What Balance is really due from Toulman to
R.C. How did it arise? —

As it appears there was no lodgment of the 200L
in the Exch Bank notwithstanding I was credited for Interest
it reasonable to suppose the same w^d have been the case
